

# SECURITY

## AT CHATSWORTH COUNTRY FAIR

Your stock, your belongings, your mobiles, your laptops, your tent, *your everything* are precious. Please help us help you, as in the end the responsibility for them lies with you: we don't want any trouble for you.

While we do have patrols at night, and they have very good eyes, they cannot be everywhere, and cannot know what is happening 200 yards away, or even the other side of a marquee. We do also give advice and help to Traders when and where we can.

So, please take simple precautions and don't leave anything unattended; secure your tent properly; lock your vehicles, and look after your valuables. Please pass this message on to ALL your staff, volunteers and helpers.

If you leave the park in the evening, the North Gates are locked and the only way in and out is by the Bridge. You will be required to produce a badge on returning to the park, so TAKE THEM WITH YOU!

Sunday Night. There is no security presence and there are no night patrols.

PLEASE BE RESPONSIBLE  
LOOK AFTER YOUR THINGS
